### **Industry Council Elects 2016-2017 Association Leadership**

**WASHINGTON, D.C. – October 25, 2016** – The Industry Council for Emergency Response Technologies (iCERT or Industry Council) today announced the Association’s newly elected officers and board members, confirmed during the Council’s annual membership meeting on October 14.

Chairman – Ellen O’Hara, Chairman of the Board, Zetron, a JVCKenwood Company  
Vice Chairman – Don Brittingham, Vice President, Public Safety Policy, Verizon  
Past Chairman – Kevin Murray, President and CEO, Mission Critical Partners  
Treasurer – Mary Boyd, Vice President, Regulatory, Policy & External Affairs, West Safety  
Secretary – Josie Donnelly, Senior Vice President, Sales and Marketing, TriTech Software Systems

Also elected to the Board of Directors were the following prominent industry executives:

Michael Bernard, 911/Government Business Development Manager, Voiance  
Patrick Flynn, Director, Homeland/National Security Programs, Intel Security  
Lynne Houserman, President, Safety and Security Technologies, Comtech  
Michelle Johnson, Director, LTE Center of Excellence, Communications Systems, Harris Corporation  
Robert LeGrande, President & Founder, The Digital Decision  
Tim Lorello, President & Chief Executive Officer, SecuLore Solutions  
Joe Marx, Assistant Vice President, Federal Regulatory, AT&T  
Dan Sawicki, Director, Applications Product Strategy, Motorola Solutions  
Henry Unger, President and Owner, Pulsiam Systems

“We have a noted, experienced and motivated set of Board members at iCERT,” said Industry Council Chairman, Ellen O’Hara. “I am honored to take on the Chairmanship as industry prepares for, and embraces: adoption of IP-based emergency calling services; an array of well-established and burgeoning data, imagery and dispatching solutions; and wireless broadband services for public safety and homeland security professionals. Our mission will be served quite well by this leadership team and our full membership, and we will build on iCERT’s efforts undertaken over previous years to maintain a unified voice of industry in order to better serve the public sector leaders who serve the public.”

**About the Industry Council for Emergency Response Technologies (iCERT)**

The Industry Council for Emergency Response Technologies (iCERT) represents the voice of the commercial sector in the emergency communications field. The Industry Council plays an important role as the voice of companies on public policy issues impacting the emergency calling, communication and response system. Industry Council members believe that business leaders' expertise can assist public policymakers and government emergency communications professionals as they address complex choices regarding advanced communications technology alternatives in the years ahead. Through advocacy, research and in coordination with the public sector, the Industry Council plays a vital role in the development and deployment of emergency response technologies.
